

ALLERGÈNE LUPIN

Gentleman sensibilisateur

Or how fermentation can be used to defeat the enemy

SYNOPSIS

Part spy, part scientist, join Ewen Trebossen for the tale of a story set at the very heart of 21st-century challenges. Between proteolysis, probiotic effects, and food formulation, discover the battle led by microscopic agents against an emerging enemy: Allergen Lupin. Together, they will combine their strengths to protect public health and maintain order.

WILL THEY SUCCEED? FIND OUT AT DOCTORAMA 2025

“Le meilleur récit d’espionnage, enfin le meilleur, ce n’est pas à moi de le dire”

Anonyme

“Du moment que les propios gagnent à la fin, ça me va”

G. JAN

“Belle intrigue, quoiqu’un peu familière”

O. SY

“Une enquête digne des plus grands films d’espion”

Y. Le Loir, dit Le Parrain
